

OLD ST. AUGUSTINE IS LAMINATED BY FIRE

Florida, Munson, Clairmont, Atlantic and Central Tourist Hotels Destroyed - Two Guests Are Injured

MANY TOURISTS LOSE PERSONAL BELONGINGS

Occupants of Buildings Barely Had Time to Flee-Property Damage Is Between \$500,000 and \$750,000

ST. AUGUSTINE, Fla., April 2.—Fire early today destroyed five tourist hotels, the St. Johns county courthouse and a number of residences here. No word is known, no lives were lost, though many guests at the Florida, Munson, Clairmont, Atlantic and Central hotels, which were destroyed, escaped scantily clad and had no time to save their personal belongings. Property damage is estimated at between \$500,000 and \$750,000.

Two persons were injured, one of them probably fatally by jumping. Mrs. Albert Smith, of Nova Scotia sustained a broken back when she plunged from the second story of a residence. A. Libby, a guest at the residence, broke a leg in leaping from the second floor of a hotel. He will recover.

LANDMARK BURNS. The Veder house, a famous landmark containing valuable collections of old St. Augustine historical society, was among the buildings destroyed.

A company of militia today guarded the devastated section to prevent looting.

Nearly two blocks near the waterfront business section of the city were endangered. The fire spread to a section of the Jacksonville Hotel, and a section of the Jacksonville Hotel, which arrived on a special train shortly before daylight.

FIRE STARTED IN KITCHEN. The fire originated in the kitchen of the modern structure, and spread rapidly. The first alarm was turned out by the fire department, but their attention to burning guests at the Florida, Munson, Clairmont, Atlantic and Central hotels, which were lost Joseph had building, Sallas building, and several smaller cottages.

BUILDINGS DESTROYED. The buildings destroyed include: Florida, Munson, Clairmont, Atlantic and Central hotels, which were lost Joseph had building, Sallas building, and several smaller cottages.

Valuable records, which were stored in the court house were lost. It is not believed that the records in the court house will be damaged.

When the fire started the power boat club on the bay front it was the Veder house, which was destroyed, and the fire spread to the Florida, Munson, Clairmont, Atlantic and Central hotels, which were lost Joseph had building, Sallas building, and several smaller cottages.

CURIOS LOST. Precious treasures were reduced to smoldering bits of wood and charred paper when the flames attacked the building. The historical society's collection of old St. Augustine historical society, which were lost Joseph had building, Sallas building, and several smaller cottages.

With the city crowded with winter visitors, the fire started a panic. Families became separated and the streets were filled with people. The fire started a panic. Families became separated and the streets were filled with people.

Many of the fire victims are being cared for in the Florida, Munson, Clairmont, Atlantic and Central hotels, which were lost Joseph had building, Sallas building, and several smaller cottages.

While the Florida house was being burned, the other hotels got their guests out. At the Florida, the fire started a panic. Families became separated and the streets were filled with people.

Only two persons jumped from the upper floors. Others were rescued in an orderly manner. When all the guests were accounted for, the manager gave the signal and the employees left the building, carrying their personal belongings.

OLD-FORT WINFIELD SCOTT TO BE MILITARY PRISON

War Department Will Transform Old Structure Into Correctional Barracks

(By Associated Press.)

SAN FRANCISCO, April 2.—Old Fort Winfield Scott, the red brick and stone gate post at the southern edge of the golden gate, has been selected by the war department to become a new correctional barracks—a part of a disciplinary system replacing one found to be as obsolete as the fort itself. When the walls built under the engineering supervision of Curtis Lee, son of General Robert E. Lee, house "human beings again the interior will be as different from the gun platforms and magazines of Civil war days as is the correctional tower of army discipline from the out-crown one of punishment for punishment sake.

Eighty military prisoners from Alcatraz island went to work today rejuvenating the building and actually constructing their own future homes under the direction of Colonel George McK. Williamson, construction quartermaster of the army. When, about June 1, the work is completed, the interior, once considered a masterpiece of defense work, will be a light, pleasant and comfortable living place for military offenders. The men will be nominally prisoners. They will be organized into companies, each with its own non-commissioned officers. They will wear army uniforms, except historic and ceremonial occasions, themselves desirous of fulfilling the duties they swore to perform. They will be stationed to regiments in the regular military establishments to serve out their sentences and receive honorable discharge.

COL. HOWARD THOMPSON IS IMPROVING RAPIDLY

Friends throughout the state of Colonel Howard Thompson, United States marshal, will be gratified to learn he is rapidly on the way to complete recovery from his recent illness and will be back at his desk in the federal building here within a month. Colonel Thompson, of Gainesville, Ga., home of Colonel Thompson, state he has been out of the hospital for some time and is taking a lively interest in his garden.

BIDS ARE RECEIVED FOR MILLION FERTILIZER TAGS

Bids for the supply of several million fertilizer tags for the 1914-15 season are being taken by Commissioner of agriculture. The state will receive between \$5,000 and \$5,000 in these tags, which will be sold to the fertilizer manufacturers and dealers.

PIEDMONT LAKE OPENS ABOUT MAY THE 15TH

Shower Baths and Bathing at Night for Men and Boys—Will Be New Feature

Piedmont park lake will be open to bathers as soon as it runs full of water.

It will run full of water in about six weeks, which would put it full by the middle of May.

Last year it was opened on May 22, which means if the water keeps running without a hitch, that it will open about one week earlier this season than last.

A pipe several inches in diameter is now pouring water into the lake as fast as the city waterworks can pump it through that particular pipe, and the stream will not be shut off until the lake is full, barring accidents.

A big feature of the lake this season will be night bathing for men and boys. Electric lights are now being installed along the bath house front and along the terrace to right and left of the bath house, and across the lake where the diving towers are now being installed.

The new feature this year will be the shower baths. Every person going into the lake will be required to use the shower baths. The showers will be open also to persons who want them, and to those who wish to have a hot bath before going to bed.

The park department intends next year to have a new diving tower, which will be built of concrete and will be very handy for players on the tennis courts.

JOHN B. PATTERSON GOES TO MONTGOMERY

Succeeds E. B. Matthews as City Passenger Agent for West Point Route

MONTGOMERY, Ala., April 2.—John B. Patterson, of Atlanta, has succeeded E. B. Matthews as city passenger agent of the Western Railway of Alabama and West Point route and Mr. Matthews has become traveling passenger agent of the West Point route and Georgia railroad with headquarters at Atlanta.

Mr. Patterson was connected with the general manager's office in Atlanta until he was ordered to this city and Mr. Matthews has left this city and agent here for four years.

HOUSEWIVES OF CHICAGO ARE MORE ECONOMICAL

CHICAGO, April 2.—Chicago housewives are more economical in their cooking and use of food than the women in any of the large cities of the country, according to a report by experts in the city waste commission.

If it can get the money, to install lights all around the lake, and to have a new diving tower, which will be built of concrete and will be very handy for players on the tennis courts.

INJUNCTION PETITION TO RESTRAIN U. P. DENIED

Wants to Prevent Issue of Special Dividends to Holders of Common Stock

(By Associated Press.)
NEW YORK, April 2.—Supreme Court Justice Greenbaum today denied the petition of the Equitable Life Assurance society for an injunction to restrain the Union Pacific Railroad company from distributing as a special dividend to holders of common stock \$80,000,000 in cash and stock of the Baltimore and Ohio railroad.

The Equitable sued to restrain the holders of preferred stock in the Union Pacific were entitled to share in the dividend or else have the \$80,000,000 regarded as an asset and held by the trust.

The Baltimore and Ohio stock was acquired by the Union Pacific from the Pennsylvania railroad in a deal whereby the Union Pacific released its Southern Pacific holdings as required by supreme court decree dissolving the Harrington system.

It is understood that the Equitable will appeal from today's decision.

WIFE SAYS SHE NEVER RECEIVED ALIMONY

Stating that neither temporary alimony of \$20 a month, granted in November, nor attorney's fees of \$12.50 have ever been paid, Mrs. Nannie Cobb Thursday filed a contempt of court proceeding against Henry Cobb, her husband.

Judge George L. Bell ordered that Cobb appear before him on April 18 to explain why he never paid the alimony or attorney's fees.

Paul L. Bartlett and Moore & Branch represent the plaintiff.

SUPREME COURT DISBARS SPARTANBURG LAWYER

(Special Dispatch to The Journal.)
SPARTANBURG, S. C., April 2.—Charles F. Sims, attorney, disbanded today by the supreme court, was accused among other things, of taking money from Mrs. Mary Thomas to get her conviction, Baxter, pardoned, and then convincing Governor Blaise not to grant the pardon. Thomas has since escaped from the changing, Sims said he would issue a statement when he sees the court order.

LEVER WANTS REFORM OF COTTON EXCHANGES

Presents Bill in House on
Methods of Dealing in
Futures

BY RALPH SMITH.
WASHINGTON, April 2.—A bill for the regulation and reform of cotton exchanges that is expected to furnish the basis of a compromise between the senate and house was introduced today by Congressman Lever of South Carolina, chairman of the house committee on agriculture. The taking power of the federal government is the underlying idea on which the Lever compromise is constructed. He believes this furnishes the most effective method of dealing with the question of cotton futures.

"The bill I have introduced as a compromise will be considered by the agriculture committee along with the senate measure," said Lever today. "The committee will decide as between the two, and whatever the decision I feel certain that there will be legislation within the next three weeks or month. I am most of yesterday conferring with the secretary of agriculture about the question, and he has told me I have offered him a compromise."

The Lever bill provides a prohibitive tax of 10 cents a bale on all contracts that do not measure up to the standard of requirements enumerated in the measure, as follows:

First.—The contract must be in writing, showing the quantity, the names of the parties to the contract and must be duly signed by each.

Second.—The contract must specify the basic grade of the cotton, the time, place, the date of the trade and the month in which the contract is to be filled.

Third.—The contract must be deliverable upon contracts shall be within the grades standardized by the secretary of agriculture and no other grade shall be deliverable.

Fourth.—The differences above or below the contract price which the receiver shall pay for such grade shall be the actual commercial difference determined by the secretary of agriculture by weighing the average of the differences in spot contracts from eight bales of standard grade.

Fifth.—That repacked, false or mispacked cotton containing an excessive amount of seed, sand or dust, or containing any pickings or lint, or cotton that is a grade lower than low middling, or lower than low middling stained, or cotton that is less than seven-eighths of an inch or more, and one and one-eighth inches in length of staple, shall not be delivered on, or in settlement of such contract.

Sixth.—Fifty days after the date on which the buyer has notice shall state the grade of such bale to be delivered with adequate identification thereon.

When the contract deals in meats the requirements of the law, as enumerated above, the tax shall be only 25 cents per hundred bales.

The justice of the demand for legislation with "teeth in it" for the regulation of the cotton-exchange is well recognized generally in Washington. The very fact that lever operators in New York have sought to have certified for May deliveries many thousand bales of cotton that was rejected by the classification committee of the New York Cotton Exchange is accepted as justification for immediate legislation. It is regarded as certain in Washington that the southern and Canadian spinners who have decided to accept delivery in May contracts have purchased as hedge against sales of goods will be protected to this extent.

The spinners' acceptance of deliveries on their May contracts will, it is indicated, more than exhaust the available supply of cotton in New York, and the result will be eventually to bring about a parity between May futures and spot cotton in the south, as the New York shorts will be forced to get cotton to deliver on the contracts they have sold short.

SIX PERSONS ESCAPE FROM CAIRO, ILL., JAIL

CAIRO, Ill., April 2.—Six prisoners escaped from the county jail early today. Among them was W. M. Wilson, sentenced to be hanged on April 24 for the murder of Thomas C. Logan, railroad road special officer.

Two hundred dollars reward was offered for the capture of Wilson, dead or alive. Before murdering Logan, Wilson escaped from the Ohio penitentiary, where he was serving a life sentence.

JOHN SAGE TEA IN LIFELESS, GRAY HAIR

† Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully lustrous, glossy and abundant with a few Sage Tea and Sulphur. Whenever her hair fell out or took on that wilted, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wynne's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-fashioned remedy to use for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says anybody uses Wynne's Sage and Sulphur, because it darkens so naturally and so evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen some of your hair and draw it through your hair, using one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—(Advt.)

LARSEN WON'T ENTER CAMPAIGN FOR CONGRESS

Dublin Attorney to Devote All
His Time to Practice
of Law

(Special Dispatch to The Journal.)
DUBLIN, Ga., April 2.—Colonel W. W. Larsen, of this city, has made the statement that he will not enter the campaign for congress from the Twelfth district. The untimely death of his nephew and law partner, Mr. W. T. Larsen, who died on January 1, 1913, has been a great bereavement to him, and he has decided to devote his entire time and energy to the practice of law.

Mr. Larsen moved to Dublin several years ago from Emanuel county. He was executive secretary under Governor Brown and also held that position for a short while under Governor Slater.

Twenty-Seven Candidates

COLUMBUS WELCOMES GEORGIA TRAVELERS

J. M. Giddens Said to Be Satisfied
for Election as President
of T. P. A.

(Special Dispatch to The Journal.)
COLUMBUS, Ga., April 2.—Headed by State Secretary J. H. Andrews, the Atlanta delegation to the Southern Yacht Club convention was the first big body of men of the trip to reach Columbus for the annual meeting here, which was formally called to order by President Jesse W. Bates, of Macon, in the Harmony hall on Eleventh street this morning at 10 o'clock. The Atlanta representatives reached the city in a special over the Central of Georgia last night, and they were met by a large delegation from the local post and escorted to headquarters, where a rooming reception awaited the first travelers to the big meet.

The next delegation to arrive in Columbus was headed by President Bates, of the organization, who came from Macon in a special, arriving at 6 o'clock this morning. This party was also met and accorded a genuine welcome by the local delegation.

Following the arrival of the Maconites, every incoming train brought large delegations and by 10 o'clock, the hour of assembly for the convention, the city was filled with jolly drummers who came from every section of the state, the attendance being even larger than had been expected by the local post.

The city is gaily decorated for the occasion and the visitors are having a great time on the banks of the Chattahoochee.

CONVENTION ASSEMBLES.
When the convention was formally called to order this morning by the president of the T. P. A., J. M. Giddens, invocation was offered by Dr. R. Christie, pastor of the First Baptist church, John C. Cook, mayor of Columbus, and J. S. Price, Gilbert, head of the board of directors of the Southern Yacht Club.

The visiting delegates, representing the city and the commercial body, and J. W. Bates, head of the state organization, responded. Another interesting address of the morning was that of J. S. H. Belk, chairman of the Georgia division.

Routine business was taken up for a short time following the address of Dr. Christie, and at 1 o'clock the convention adjourned for luncheon. In the afternoon, a short business session was held after which the visitors were entertained by the wives of the local members and their friends.

PLANS ACTIVE CAMPAIGN FOR BONDS FOR HOSPITAL

Grady Committee Will Urge Voters to Support Issue of \$750,000

The general council Wednesday afternoon passed an ordinance submitting to the voters of Atlanta on May 5 \$750,000 bond issue to enlarge and improve Grady hospital.

This action was taken at the request of the general committee in charge of the hospital movement. Two members of the general council voted against the ordinance, Councilman Orville Hall, of the Third ward, voted against it in the common council, and Alderman John S. Owens, of the Eighth ward, voted against it in the aldermanic board.

The needs of Grady hospital and the question whether it is necessary to supply these needs were thoroughly discussed before council acted. Several members of council spoke and several of the committee in charge of the hospital movement took part. W. B. Summerall, superintendent of Grady hospital, delivered a talk that was particularly interesting and informing. He gave the council facts about the hospital and answered a great many questions.

The hospital committee—which comprises doctors, bankers, business men and working men—will immediately launch a whirlwind campaign to educate the voters on the needs of the hospital. They expect to utilize the systematic publicity campaign which has been going on in every section of the city to get in direct touch with the voters. They confidently believe the voters will authorize the bond issue, which they can be thoroughly informed in a comparatively short time between now and May 5.

TO CONSIDER PLAZA BONDS. This is the date of the county primary and was selected because the primary will serve to bring out a vote, which is always the most difficult undertaking in the county.

Mayor Woodward has investigated the needs of Grady hospital and the issuance of \$750,000 bonds, by virtue of the fact that a yard which it is proposed to build with \$100,000 of the money, will yield a sufficient net revenue to pay the interest and sinking fund on the whole issue. The mayor probably will deliver a speech recommending to the voters that they authorize the issue.

No action was taken by council Wednesday on the plaza bonds. The county executive committee will hold a special meeting Friday morning to determine the question of placing the primary from May 5 to May 15 in order to submit the plaza bonds to the voters with the Grady hospital bonds, the postponement being for the purpose of giving more time for the campaign of education.

Some members of the committee consider it advisable to submit the plaza bonds on May 25 and others think it would be better to wait, possibly until after the legislature convenes, before submitting plaza bonds. This question will be settled by the committee Friday morning.

ASK BETTER CAR SERVICE FOR SOUTH DECATUR LINE. Patrons Declare Increased Traffic Warrants New Schedule for Rush Hours. Deducting improved traffic service is demanded by the enormous increase of traffic patrons of the South Decatur line have appealed to the Georgia Railway and Power company for more cars during the rush hours, morning and evening.

Through a committee headed by George Tumlin, citizens who patronize the line have presented the situation to the public of the company and have assured the question will be taken up at once and that the company will endeavor to relieve the congestion complained of.

Mr. Tumlin suggested that the present thirty-minute schedule, which is operated on a fifteen-minute schedule during the rush hours, be maintained during the heavy periods of morning and evening traffic. This suggestion was met with approval and would be satisfactory to patrons of the line.

WEE BLAZE DRAWS WELL ON WHITEHALL. A crowd that worked traffic on Whitehall street for a few minutes gathered in front of the Bernard company, ladies' furnishings, at 32 Whitehall, at 11 o'clock Thursday morning when fire engines answered an alarm there. There was little flame, caused by a heated wire in the basement. The blaze was soon extinguished.

GRADUATING EXERCISES OF PHARMACY SENIORS. The graduating exercises of the senior class of the pharmacy department, Southern College of Medicine and Surgery, will be held at 8 o'clock Thursday evening at the pharmacy building, 53 McDuffie street. The president, Dr. Henry B. Cox, will deliver the annual address and present the diplomas.

TRUST COMPANY PAYS QUARTERLY DIVIDEND. Payment of the quarterly dividend of 2 1/2 per cent was made to stockholders of the Trust Company of Georgia Wednesday morning, according to the schedule of the preceding day. On the company's capitalization of \$1,000,000, the payment amounted to \$25,000.

Last Game With Naps Today at Ponce de Leon

Crackers Will Get Final Opportunity to Trim Clevelanders This Afternoon—Team Will Line Up the Same as in Wednesday's Game With Possibly One or Two Exceptions

The Naps wind up their local season this afternoon, when they line up for the third time this season at Ponce de Leon park. Following the Johnson circuit, they open the season by leaving for Chattanooga, when they play Friday and Saturday at home for points further north on their way home before the opening of the American league season.

The afternoon, therefore, offers local fans the last chance of looking over Manager Birmingham's entry before the Johnson circuit throws open its door about the middle of the month. The squad which appears at Ponce de Leon today will be somewhat different in its personnel from that which returned at Athens several weeks ago, to the links of the preparatory batting line and proved with the different formations, Tigers and Braves. The first change in the crew was made when Ray Chapman, the brilliant young short stop of the visitors, was sent home with a broken leg, sustained in a play in Wednesday's game.

Following the injury to Chapman, Lett, the regular guardian of center field, was sent home for medical attention. While there, two years ago, he was shot in the back by a bullet which hit the squad as it returned to the hotel at the Ponce de Leon. The veteran infielder of the club, Turner, was sent home on the train, and the squad is now spending all of the training period at the Ponce de Leon hotel. The Naps have not yet permitted Lett to leave for home.

THE SPOTLIGHT BY GRANTLAND RICE

THE SCRIBER'S INVICTS.
Out of the light that covers a brow—
To grab a nip from Homer's brow—
I think whatever gods there be
The season opens shortly now.

In the fall clutch of winter days
Long have I winced and cried aloud:
From toiling up this four months' slope
My brain is scrambled—and I'm cowed.

The Feds have been badly jolted in Torreon, but they still have quite a clutch in Chicago, St. Louis and Baltimore. And Gen. Gilmour announces that he will defend these cities with his last drop of kale.

POEMS WORTH READING.

GREAT SAYINGS BY GREAT MEN.
Larry McLean—"Water, water everywhere, and not a drop to drink."

However, in justice to Larry it should be suggested that he is taking better care of himself than he has ever done since his rise to stardom under the Red banner of Cincinnati. The big fellow has apparently cut out the suds that pass in the night and is in first-class shape for the new campaign.

Jackets Meet Miss. College

HERE AND THERE

By Innis Brown

The Tech baseball team will tackle its second collegiate series of games, when the Mississippi college nine arrives at a two-game series beginning Friday afternoon at Grant field. The Mississippians have never played here before, and little is known of the quality of their team. However, they trimmed the strong Alabama team decisively Wednesday afternoon, shutting the Tuscaloosans out by a score of 10 to 0.

Since the Alabama team is generally a strong one, it may be taken that the Mississippi boys are formidable both with the bat and in the field.

Coach Hiedman has not selected his pitcher for the first game, but it is likely that Bryant will start in the pitcher. He worked in one game with Auburn, and his performance was very satisfactory. He appears to be the making of a good hurler, and he will doubtless have further opportunity to prove his worth against the Mississippi team.

Travers Beaten At Pinehurst

PINEHURST, N. C., April 2.—Walter J. Travers, former international amateur golf champion, was defeated Wednesday in the first round of match play in the fourth annual United North and South Men's Amateur Golf tournament, by one up, after sixteen holes play.

Other survivors of the day's play in the championship were: W. L. W. Paul, of Providence, R. I.; W. F. Paul, of Montclair, N. C.; M. J. O'Connell, of Pittsburgh, Pa.; Robert Hunter, of Stamford, Conn.; Paul Gardner, of Chicago; R. S. Worthington, of Delaware; and C. L. Bacher, of Auburndale, Massachusetts.

Technical School Will Teach Aeronautics NEW YORK, April 2.—Plans for a course in aeronautics in connection with the Sheffield Scientific school have been made by the faculty of Yale university, according to a statement made by Prof. Breckinridge, who is in New York.

Prof. Breckinridge announced the decision of Yale university to open the new course after a conference with Alan R. Hawley, president of the Aero Club of America.

For this course Prof. Breckinridge said it was planned to use the aeroplanes and to study every feature of flying.

Manager Joe Birmingham expects to have his bunch in the Fighting Zephyr jump. If they can draw a favorable crowd, there will be a good fortune may this year hurt back business, however, since the Fighting Zephyr played at third base for Boston in the first part of the season.

At any rate, the Naps are deserving of the hearty support of every fan who appreciates clean, hard play. Atlanta fans who have seen them in action will wish them well. Those who have not already seen them may do well to catch a lot of C and see the team's game.

It is not an exaggeration to say that the Naps are a team of two in a half of Secretary W. R. Blackwood, who is traveling with the team. As the sportscaper who has been well known for a long time, he has a lot of friends during their return here, and they will be welcomed back home.

They have opportunity to make the visit a most interesting one. F. Edwards, of the Plain Dealer; Tom Terrell, of the Leader; H. T. McDaniel, of the News; and John L. Stevens and Smith.

Weinberg's Hitting Featured Game (By Associated Press.)

LOUISVILLE, Ky., April 2.—Jack Rowan, former Cleveland, started Wednesday for the Cincinnati Reds in the first game against Louisville, but was un- successful in Louisville, where he secured five hits in three innings, pounded his successors in the box and won to 2. Winchell, who was out for two and another for three bases, was sent in for the first time.

Jennings Will Join Crackers

Shortstop Candidate Wants to Report About April 20—He Is Coaching College Team at Present

Manager Billy Smith has just notified Manager Billy Smith by wire that he will report to the Crackers at an early date. Jennings is the young shortstop, secured from the Eastern association through the Washington club, and is at present managing as coach of the Cracker college team at Asheville, Ariz. Jennings declined to report when the other men were notified to join in the spring. He is anxious to come now, but he would like to show up here about the 20th. It is likely that the local club will request the college authorities to allow Jennings to arrive at least a week earlier, in order that he may reach here before the season opens.

The addition of Jennings will intensify competition at the shortstop field position. Present Harry Holland, Art Schwind and Art Schwind are battling it out for the stand out position. Jennings hit above .250 in the Eastern association last season. He is a good player, and he should therefore make a lively bid for the local job.

Nixon Goes to Beaumont Club

Manager Billy Smith has just announced his first move in cutting down the roster of the Crackers. He has really figured to have a chance for the team when they reported for spring practice. Captain Art Schwind has been released to Beaumont in the Texas league. He leaves tonight to join his new club.

It will be a matter for regret with a host of Atlanta fans that Nixon had to be let go. At last he has given his efforts to the local club, and has made his home in the city. He has been in this spring has been weak, and owing to the fact that he throws left-handed, he is not available as a utility man. In spite of the fact that he is one of the best outfielders on the club, his corkscrew throwing arm, and can be a good pitcher. Operating An Incubator

PROBABLY there is no one thing connected with the poultry business so much important as an incubator, and it is one thing that depends largely on the person who operates it. Nearly all incubators are made little different from each other, and a person should always operate an incubator according to the instructions sent with the machine. There are no rules unless the manufacturer's instructions are followed. There are no rules unless the manufacturer's instructions are followed. There are no rules unless the manufacturer's instructions are followed.

One of the main things that a person will find out after five days of operation is that the incubator should be kept at a temperature of 102 degrees. The most important thing is that the incubator should be kept at a temperature of 102 degrees. The most important thing is that the incubator should be kept at a temperature of 102 degrees.

After the animal heat forms in an egg, which is after the fifth day, it will stand alone and change, and if the lamp goes out for twenty-four hours or more, the egg will be ruined. The animal heat will be very cold it will not injure the eggs. The animal heat will be very cold it will not injure the eggs.

Another very important thing is moisture. However, more chickens are drowned by using too much moisture, especially at the wrong time, than by using too little. The moisture should be kept at a level of 60 to 70 percent. The moisture should be kept at a level of 60 to 70 percent.

The Real Estate Field

Seven-Story Office Building, to Cost \$30,000, Will Replace Old City Hall Building—Three Parcels on Washington and Collins Streets Bring \$45,500. All Cash—Highland Avenue and Other Sales—New Building Plans

New building announcements, including a seven-story office building on the first floor and an unusually strong apartment of real estate near Thursday. The Arnold and Harvey Hilt, who own the former city hall property at Pryor and Hunter streets, will tear down the building about June 1, and in its stead a seven-story office building valued at \$150,000.

The building will be of steel, fireproof construction and so built as to permit the addition of three more stories. The present building is five stories and is occupied by the county until June 1. It is planned to close time to re-erect the building, but it has decided to raise it and erect a new one on the same site. Plans are now drawing the plans.

The new building will occupy a lot 12x120 and will contain stores on the first floor and offices above. The building will be twenty stories to the floor. Because of its proximity to the court house, the offices will be particularly valuable for law firms.

Recently Mr. Arnold bought an adjoining parcel on Pryor street, but this lot is at present at least, will not be included in the improvements.

IMPORTANT CASH SALES.
Three important all cash sales were announced on Thursday. One was the property of George Adair sold for G. W. and N. T. Tunnin to R. W. Wood, the southeast corner of Washington street and Trinity avenue, known as 98 Washington street, and also as the former Xal and the F. I. Stone home. The price was \$22,000, all cash.

The property has a frontage of 65 feet on Washington street and a depth of 140 feet on Trinity avenue. It now carries a boarding house.

The same agency sold for Miss Anne G. Kelo to Mr. Wood the adjoining property on Washington street for \$12,000 cash. This lot is 55x140 feet.

A F. L. Leman sold to Tunnin Brothers, 100 S. H. Harris, for a consideration of \$10,000 cash.

This consists of a dwelling on a lot 40x100 between Decatur street and the Georgia railroad.

HIGHLAND AVENUE SALE.
William Brothers have sold for F. E. Hackett and Dr. E. D. Crawford the southeast corner of Highland and St. Charles streets. The consideration was \$12,500.

This is a two-story brick residence on a lot 60x100, and Dr. Crawford will occupy it about May.

OTHER SALES.
The Charles P. Glover Realty company has sold for Harris G. White to the Brookhaven estate No. 1059 Birch street, residence on a lot 50x100 for \$12,500.

W. C. Waples, of the Smith & Ewing

agency, sold for Arthur C. and R. W. Kelly to B. C. Klein two parcels, one on Fraser street near Glen, consisting of three houses on a lot 43x202, and one on Brady street near Glen, consisting of three houses on a lot 151x243.

WEST PEACHTREE BUILDING.
James L. Wright is having plans drawn for a store and apartment building he will erect on his property at the northwest corner of West Peachtree and Parker streets. Work will be started as soon as the new grade is completed.

The building will be two stories, containing three stores and thirty rooms in suites of two rooms and bath. The cost will be about \$20,000.

EAST LAKE CASH PLANS.
H. H. Hentz is now at work on plans for a new club house on East Lake. The new building will be more expensive and a better structure than the old. It is estimated that it will take all summer to construct.

It is believed, however, that the plans will be ready for acceptance in about two weeks, and that work of construction will be started in thirty days.

FLOW COMPANY LEASE.
The John Deere Plow company, a big industrial concern, has leased from E. L. Dunham, secretary of the company, a five-story building which will occupy on 115 feet of frontage on Nelson street, extending back to the railroad. The lease is for twenty years.

Plans are being drawn by the leasee's architect in conjunction with John A. V. Gude has the contract. The building will be erected to meet the special requirements of the lessee.

Freight Rate Hearing Near Close Thursday

La Follette to Speak in Senate on Bill to Prevent "Influence"

(By Associated Press.)
WASHINGTON, April 2.—The interstate commerce commission again today heard arguments by representatives of the eastern railroads urging an increase in freight rates. It was planned to conclude the hearings today if possible. The commission has been holding hearings since the final disposition of the case in every way and to that end has decided to hold continuing hearings until all the evidence is submitted.

Interest in the question was heightened today because of the possibility of an early decision by the commission on the proposal of the carriers that they be permitted to make a 5 per cent increase in their rates and by the announcement of Senator La Follette that he would speak in the senate today on his bill to make unlawful any attempt to influence the commission.

Inter-College Debate Will Be Held at Emory

Other Teams to Meet at Emory, Va., and Spartanburg, S. C.

(Special Dispatch to The Journal.)
EMORY COLLEGE, Oxford, Ga., April 2.—Obedience of the intercollegiate triangular series between Emory college, Wakeford college and Emory and Henry college, will be held at Emory college, Saturday evening, April 11. Emory college will be represented in the discussion between Emory and Henry by T. H. Shanks, of Hingham, Va., and F. W. Elzberg, of Greenville, S. C.

The Emory team to meet Wakeford at Spartanburg, S. C., on the same evening will be composed of George Wright, of Fort Valley, and Edward W. Walker, of Sparta.

Teams from Wakeford will debate Emory and Henry college at Emory, Va., on the evening of April 11.

The question for the series is, "Resolved, That as a general policy the system of direct legislation known as the initiative and referendum should be adopted in the several states."

Emory holds the unique distinction of having having lost a series of intercollegiate debates, and especially are the students interested in the outcome of the approaching triangular series.

U. S. Supreme Court Sets Record for Work

Cases Are Disposed of So Rapidly Lawyers Are Kept on the Jump

(By Associated Press.)
WASHINGTON, April 2.—Unprecedented progress by the supreme court in 10 years work has brought embarrassment to lawyers all over the country. They have been caught unprepared to present their cases to the court and have been compelled to ask the tribunal to pass over cases after case until next year.

Chief Justice White is said to possess an ambition to take the docket of cases awaiting argument except in the summer months. When he became head of the court, a case waited almost three years before being heard.

The work during the year has been handicapped by the absence of Justice Lurton on account of illness. He returned to Washington and intends to resume work when the court convenes Monday.
